DROWNED WHILE IN BATHING

Young Engineer Loses His Life

Last Sunday a number of people went to Dislunan Springs to spend the day and have a good time, among them was John F. Reams, of Franklin, Tenn., who was engaged by the New Railroad Company as a Civil Engineer. Reams with some other young men who live in this city went in bathing and by some means he was separated from the rest of his crowd just after they had gone into the Lake, and after the other boys had tired out and had dressed and were about to leave when it was discovered that young Mr. Reams was missing, they called for him but no answer came. They immediately began a search, and it was kept up until Tuesday morning when the body was found and prepared for shipment. His father, Henry Reams, left with his remains Tuesday night at 11:44 for his home in Franklin, Tenn.

John Reams, the deceased was twenty-four years old and by profession a Civil Engineer. It is said that he was a model young man and a christian gentleman. He attended Sunday School and Church Sunday morning before he went to the Springs, and all feel that while his friends and chums were calling for him on that bright Sunday afternoon he was answering to the call of Angels in a brighter and happier land.

We regret the loss of this young man, as he was a stranger to us comparatively, yet we had already learned to love him.

We extend to the family our heartfelt sympathy in this sad bereavement.

East Dixie Highway Meetings

There will be an important meeting of the East Kentucky Tennessee Dixie Highway Association at Barbourville on Friday July 2nd at 10:30 A. M. Also one will be held at London on Saturday July 3rd at 1 P. M. The meetings will be largely attended by citizens of Bell, Knox, Whitley, Laurel and Rockcastle.

President W. J. Sparks and other officers of the Association will be present as well as Mr. R. C. Terrell, Commissioner of Public Roads or a representative from his office.

The purpose of the association is to have all the counties lying along the route of the Dixie Highway, as routed by the Commissioners at Chattanooga on May 29th, to work in concerted action toward getting the highway completed within the one year specified in the commissioners rulings.

Fire

Tuesday morning the fire alarm was turned in and it was discovered that the dwelling house of Mrs. Nora Childers which was occupied by William Davis was on fire, and before the department could get to the scene it totally destroyed.

The house had no insurance on it. Mr. Davis had only a small insurance on his furniture.

Coming Soon

Mr. Mike Sherman will open up a new store in the Lawson Building about August 1st. He will carry a general line of ladies and gents furnishings. And is up East buying his opening stock in Baltimore, New York and Philadelphia. It will be known as the "New York Store."

Wilton vs Packard

Packard went down in defeat against the Wilton team last Saturday, June 26, the score being 13 to 5. The game was uninteresting from the first inning. Wilton scored six runs in the first while Barton struck out the three first men that faced him, he also repeated the operation in the second inning, thus striking out the first six men that faced him. The Wilton outfielders showed up in line form, while Surgener was the only infielder to receive a ground ball and he picked up five or six in short order. Burdine caught a star game for Wilton even after he got his knee hit by a foul tip in the fourth inning.

The teams were lined up as follows:

Wilton	Packard
R Wallace	Hays
Carter	Rains
E. Wallace	Estes
Surgener	Jones
Brooks	Hill
G. Wallace	Stewart
Burdine	Smith
Troutman	Fletcher
Barton	Oliver

Scores by innings:
Wilton 6 0 1 0 1 1 0 4 x - 13
Packard 0 0 0 1 0 0 2 2 - 5

Summary of the game
Two base hits, R. Wallace, E. Wallace, Surgener, Brooks, Hays, Home runs, Oliver and Estes. Hits off Barton, 5; off Oliver 13. Struck out by Barton, 9; by Oliver 4. Stolen base, Brooks. Base on balls off Barton, 1; off Oliver, 1. Hits by Barton and Fletcher.

Beautiful Social Function

Miss Ruby Vanderen entertained at the beautiful home of her parents on Pine street, on last Thursday evening in honor of her birthday.

The lawn was lighted with Japanese lanterns and the whole house was thrown open to the gay party. She was delightfully remembered by each of her friends and the occasion was one long to be remembered by both hostess and guests. Ices and cakes were served. Miss Ruby Putman and Druella Tye presided at the punch bowl with the grace of two little fairies.

Those present were:

Misses Paul Sampson, Jewel Tye, Emoline Sampson, Bulah May, Myra Amis, Ruth Decker, Beatrice Croley, Stewart Miller, Martha Albright, Modell Russell, Katherine Lock, Dows Sampson, and Florence Putman. Messrs. Carl Haggard, Guy Dickenson, Clyde Stanfill, Chester Smith, Walter Jarvis, John Owens, John Ligon, Raleigh Jarvis, Clarence Hinkle, Ben Herndon, Charlie Mills, Chas. Mitchell, and James Golden.

Officers Elected

At a meeting of the Civic League the following officers were elected for the year: Mrs. R. W. Cole, President; Mrs. James D. Black, 1st Vice President; Mrs. A. W. Hopper, 2nd Vice President; Mrs. James R. Tuggle, Secretary and Mrs. George W. Tye, Treasurer.

The next meeting will be held at the home of Mrs. James D. Black, Wednesday afternoon, July 14. All members are urged to be present at this meeting. The Ladies are very enthusiastic regarding the opening of the years work.

A New Score For Union College

We heartily congratulate Union College for her wise and excellent choice of Prof. D. M. Humfleet for principal of her Normal department. Prof. Humfleet is a wide-awake, energetic, enthusiastic instructor, and we feel assured that with him at the helm nothing short of paramount success will result.

We very much regret his departure from our midst; but we trust that his achievements may be even greater for the future than they have been in the past.

A citizen of Grays.

Why Earl C. Huntsman of Allen County Should be Noninated for Clerk of the Court of Appeals

Earl C. Huntsman, of Scottsville, Allen County, is a Republican candidate for Clerk of the Court of Appeals and we believe that there are many good reasons why the Republicans of the State should nominate him August 7th. Mr. Huntsman is the only candidate South or West of Louisville asking for this office. In 1908 Western Kentucky gave the Republican candidate for President in round numbers 90,000 votes. This year Western Kentucky cannot have the Governor, the Lieutenant Governor, the Attorney General, the Auditor, the Secretary of State nor the Commissioner of Agriculture because they have no candidates for those offices, and under the law it is now too late to file for nominations. Therefore we believe that it is only fair and right that the people of the mountains vote for Mr. Huntsman for this nomination August 7th, and give that vast territory of western Kentucky representation on the State ticket.

JUDGE SAMPSON AND J. B. SNYDER

Given an Enthusiastic Reception at Stearns Last Saturday Evening

Stearns, Ky., June 29—The most enthusiastic welcome ever accorded candidates for a public office in this county was that given Judge F. D. Sampson and Hon. J. B. Snyder, at Stearns, last Saturday night. The Stearns band dispensed pleasing music in the Park, which was overflowing with people, which greeted the speakers with unbound applause.

Prof. W. M. Martin, of Richmond, also addressed the assembly. A special train over the K. & T. Railroad took the crowd home to the mines after the speaking.

McCreary County Bar and Officers Endorse J. B. Snyder

Whitley City, Kentucky, June 24 We, the undersigned officers, and members of the McCreary County bar and officers, do hereby state that we have known Hon. J. B. Snyder, before and since the creation of this county, and that by reason of an association with him have found him to be an officer of the highest integrity and fearlessness in the discharge of his duties as Commonwealth's Attorney in this County. His manner and kind treatment of the lawyers and litigants bespeaks for him the highest praise of the people of this county, as is due one filling this important office. We commend him to the consideration of those who do not know him as well as we do.

"Your Committee struck out
provision," says the report as
quoted by the government brief.

"It was in contravention of
some nineteen or twenty treaties
of the United States. In our
opinion it could have led to no
good result, as every other country
could have retaliated and all
the countries in the end would
have been just about where they
started. We were not only invit-
ing an endless retaliation, but a
retaliation whose opponents
would have had in nearly every
case the better of it, and in many
cases infinitely the better."

"The Congressional purpose of
favoring American bottoms is
obstructed by treaty provisions
to the contrary," declares the
argument for a review, "and
Congress was fully advised of
the purport and existence of these
treaties. If no precise or inte-
ligible meaning can be given to
the law in question, consistent
with the manifest intention of
Congress, it must be held to be
void and of no effect."

The development of this divi-
sion between the executive and
legislative branches of the Dem-
ocratic administration merely re-
peats history. The party is run-
ning true to form, and reminds
one of the division in the Dem-
ocratic party during the adminis-
tration of Grover Cleveland,
when he refused to sign the tariff
bill which the Democratic Con-
gress had enacted after months
of labor.

This amazing spectacle has its
origin in the clause of the tariff
act proposing to give a five per
cent discount on all duties impos-
ed on merchandise imported in
vessels admitted to American
registry. Its history is well
known. The Court of Customs
Appeals recently upheld the law
in a divided opinion. From this
decision the government has ap-
pealed.

"If the initial clause and the
proviso of the section are irre-
concilable, "and the government
so contends, "the statute is void.
Better that the words used would
be declared inadequate for the
purpose intended than that inter-
pretation should usurp the func-
tion of legislation."

Furthermore, the Department
of Justice contends that Congress
enacted a law, either "impossible
of performance or that must be
postponed until treaty relations
can be modified so as to permit
of it," and urges the court to de-
clare the statute inoperative.

The Department of Justice has
asked the United States Supreme
Court to declare null and void a
statute upon which the Demo-
cratic Congress labored for more
than six months to enact into
law.

The Department still futher
emphasizes its belief that the act
of Congress was absurd by quot-
ing with approval the Senate
committee report which rejected
the offending section.

There is war between the exe-
cutive and legislative branches of
the Democratic administration.

The Young Graduate

This is the season of the young hopeful who believes he has learned how to shoot. Armed with his sheepskin, he starts forth to conquer. He never thinks, as a rule, that a sheepskin is too pliable a lever with which to turn the world from its course. However, that is well for the superb confidence of Youth is necessary at the start, for the opposition with which the young man will meet later in life will gradually break down his over-confidence until the normal amount is left with which to fight his battle for success. The Japanese have some good advice for the young graduate. They say: Keep your mouth closed; he who always has his mouth open shows that his mind is blank. Think of that at which you are looking; one whose eyes are always wandering tells that his mind is also wandering. When paying your respects, look at the person whom you are saluting. A boy should act like a boy; avoid becoming effeminate. When it is hot, think it is cold; when it is cold, think it is hot. It is a shame to wear torn clothes without mending them, but to wear the torn part patched is nothing to be ashamed of. Know what shame is; he who does not know what shame is is inferior to dumb animals. When in good health, train yourself to endure physical labor; when you are ill, however, obey your physician's instructions. Become a man useful to your country; whoever cannot be so is better dead. To these admonitions of the Japanese, we add: Do not be ashamed of your father and mother, even if they are uneducated; remember you helped to put the callouses on your father's hands and to bend your mother's back.

A Thorough Test

One to convince the Most Skeptical
Barbourville Reader.

The test of time is the test that counts.
Doan's Kidney Pills have made their reputation by effective action.
The following case is typical.
Barbourville residents should be convinced.

The testimony is confirmed—the proof complete.
Testimony like this cannot be ignored:
"H. W. Williams, College Hill, London, Ky., says: 'I had often noticed while working in certain kinds of paints, my kidneys were irritated. I had weakness in my back at times and also bladder troubles. The kidney secretions pained in passage. Doan's Kidney Pills gave me the relief.' (Statement given March 23rd, 1908). OVER THREE YEARS LATER, Mr. Williams said: 'I use Doan's Kidney Pills occasionally and they never fail to give good results.'

THIS IS THE MOST IMPORTANT ADVERTISEMENT I EVER CAUSED TO BE PUBLISHED.—READ EVERY WORD.—THEN MARVEL

On a personal visit to Mr. Henry Ford I broached the subject of a possible August 1st rebate. "Mr. Ford," I suggested, "Is there any thing I can say to our people with regard to the Ford Motor Cars, 300, 000 in rebate plan?" "We shall sell the 300,000," was the quiet reply "and in 11 months, a full month ahead of August 1st!"
"Then a rebate is practically assured?"
"Yes, having the liability insured. We are going to 75,000 cars in 11 months. Factories and branches are sending out 1500 daily."
I then said to Mr. Ford: "If I could make a definite rebate statement, would you increase our local sales?"
"You may say," was Mr. Ford's deliberate and significant reply to this: "You may say that we shall pay back to each purchaser of a Ford car between August 1, 1914, and August 1, 1915, barring the unforeseen, the sum of \$50. You may say that I authorized you to make this statement!"
What can I add to the above? \$15,000,000 cash coming back to Ford owners! And to prospect the Ford owners up to August 1, 1915, actually means Ford Touring Cars for \$490.00 less the \$50 rebate! Ford Runabouts for \$440.00 less the \$50 rebate! What is there left for me to say?

KENTUCKY POLITICAL NEWS

Leading Facts of the Past Week

McDERMOTT'S SPEAKINGS.

Paducah, Ky., June 26, 1915.—(Special Correspondence.)—Lieutenant Governor E. J. McDermott spoke here Thursday afternoon to about 250 people. There were present a number of prohibitionists and Republicans, and several Stanley supporters, all of whom, regardless of their choice for Governor, honor and respect Mr. McDermott.

The address was characteristic of the speaker—eloquent and outspoken on the issues he deems paramount in Kentucky today.

As in his previous speeches, Mr. McDermott gave his reasons for opposing statewide prohibition. He served in the Constitutional Convention and helped place in the constitution the provision that enables each county to be a self-governing unit, without interference from outside counties. In the last session of the legislature, when the present County Unit Law was passed making the constitutional provision fully effective, Mr. McDermott stood for the Jeffersonian fundamental democratic doctrine that people can govern themselves on such matters better than outsiders can govern them.

In this he agrees with his opponent, Mr. A. O. Stanley, that statewide prohibition is not an effective temperance measure, but, on the contrary, would take away, without the consent of the governed, that most sacred right of a free people to regulate for themselves, within their own county, moral and social affairs, such as the license or prohibition of saloons. He maintains that whenever the people of a county, whose elected officers must enforce the law, if it is to be effective, want to prohibit saloons, they can do so under the County Unit Law; and that that prohibition thus obtained will be exactly what the people want. If statewide prohibition is forced upon the unwilling people of any county, neither they nor the officers they elect will obey or enforce the odious law. Such contempt of law is harmful to the character of the citizenship, and tends to cause disrespect for other laws.

From Paducah, Mr. McDermott went to Marion, Searcy, and Morgantown, where he addressed either small and large crowds, owing to the fact that farmers are busy with their crops.

NEWMAN WITHDRAWS FROM GOVERNOR'S RACE.

Frankfort, Ky., June 25, 1915.—(Special Correspondence.)—The withdrawal of Commissioner of Agriculture J. W. Newman from the race for Governor was somewhat of a surprise to many, when it was conceded that Harry McChesney, backed as he is by the Anti-Saloon League and General Percy Bailey, had much the larger following among the "extra drys," as Mr. Newman expresses it. Evidently Mr. Newman realized that he could not make much headway as a statewide opponent of the candidate selected by Dr. Palmer, the Anti-Saloon League superintendent, and O. K. H. by Senator Beckham and General Haley.

Although Mr. Newman was the first candidate to announce for Governor on a statewide prohibition platform, and had the endorsement of the W. T. U., the pioneer temperance organization of the state, the powers that were to direct the campaign did not look with favor on his candidacy. Mr. McChesney was selected as the standard bearer of the prohibitionists. His headquarters are busy, with a large force of clerks, and ample funds to make an aggressive campaign.

In his card of withdrawal Mr. Newman says: "I have canvassed and spoken in more than forty counties, and have concluded that there are only two candidates for Governor who are seriously considered in the race. Though he did not mention names, it is conceded that he meant Stanley and McChesney. Furthermore, he says the Democratic party is facing a crisis that may endanger its survival, unless harmony is restored and all unite for victory in November, when he pledges himself to aid in accomplishing. The harmony and unanimity of the Republican platform convention at Lexington this month, at which they reaffirmed the County Unit Law, and declined to take any statewide 'in their' with Judge O'Neal and Mr. Bremer pledging their support to the Republican ticket, was a distinct warning that the Republicans are to be in the running this fall, ready and anxious to take advantage of any Democratic mistakes. They believe that a statewide prohibition democracy will assure Republican victory this fall. For that reason Mr. McChesney is the prime favorite of Republicans, from Ed Morrow, the surething nominee for Governor, down to the boys in the trenches who hope to get boys under a Republican administration.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

Some say that Mr. Newman feels that President Wilson's opinion that prohibition is the proper method of controlling the liquor question, meets the approval of Kentucky Democrats, who

are enthusiastically behind the President in all his great policies.

Mr. Newman is a Democrat of the truest type, and as Commissioner of Agriculture has accomplished greater results for the development of the farming interests of the state than all his predecessors combined. He is a tireless, fearless worker, and has done things worth while since he has been in office.

STANLEY SPEAKS TO RECORD. BREAKING CROWDS IN THE THIRD DISTRICT.

Franklin, Ky., June 25, 1915.—(Special Correspondence.)—Hon. A. O. Stanley finished the busiest week of his campaign today at this place, speaking to the largest crowd that has attended a political speaking in this county in years, estimated at from 4,000 to 5,000. Enthusiasm was unbounded, and, to all appearance, Stanley men were the only kind of Democrats in Simpson county.

Mr. Stanley began the week's campaign at Glasgow, where a record-breaking attendance greeted him. It was the largest crowd that has been in Glasgow since the Civil War. Practically everybody seemed to be for Stanley.

From Glasgow, Mr. Stanley went to Edmonson, Metairie county; Brownsville, Edmonson county; and Scottsville, Allen county. Everywhere the attendance was larger than the court houses could accommodate, and windows and standing room were occupied by eager Democrats, notwithstanding the fact that the farmers are behind with their work and in the middle of their harvests.

The masterly appeals Mr. Stanley is making to the people to stand by President Wilson in his splendid leadership of the party is received most enthusiastically. It is apparent everywhere that the people want a business administration, with such a revision of the tax laws as will enable the state to pay off the \$2,000,000 state debt, without laying any heavier tax burden upon the farms, live stock and other tangible property that now pays the expense of government. Millions upon millions of property that escapes assessment and pays no taxes must be put upon the tax duplicate and made to pay its share of the taxes necessary to pay off the state debt, build good roads throughout the state, and improve the school system by having larger terms in the country and better paid teachers.

The County Unit Law, passed by the last legislature, meets the approval of the people. They do not want to experiment with statewide prohibition, where under the County Unit system every county can vote for the saloons any time a majority of the people want to do so. The taxpayers do not want to destroy the thousands of taxable property in the state that is paying nearly a million dollars a year in taxes, and place upon the farms, factories, live stock and other property, already too heavily taxed, that additional burden, which would be necessary if statewide prohibition were adopted.

The slogan, "Stand by the President and the Democratic platform, state and national, upon which the party has won its greatest victories," meets the hearty approval of the people.

MORROW ADDRESSES A BIG CROWD AT SHELBYVILLE.

Shelbyville, Ky., June 25, 1915.—(Special Correspondence.)—In the rock-ribbed Democratic stronghold of Shelby, the Hon. Edwin P. Morrow led a very large attendance to hear him speak last Tuesday evening. Democrats and Republicans, as well as many ladies, turned out to hear him. It was noted that, although Mr. Morrow spoke at night, he had a larger crowd than Mr. McChesney had a week before on Crutty Court day.

Ed Morrow, 44, is a most attractive and capable speaker, and the platform is the best handshaker, and wears the happiest smile of any man in Kentucky, and if the Democrats make any serious mistake in choosing their candidate for Governor, many a Democrat will hear Morrow's eloquent voice and feel the magnetic persuasion of his cordial hand when they go into the booth on November election day.

After the speaking, a number of Democrats, and ardent temperance men, met Mr. Morrow, and told him that they agreed with him on the liquor question, believing that the County Unit law was all that is needed to banish the saloons from any county where a majority of the people are opposed to them. The recent wet and dry election in Shelby county proved to them that statewide prohibition is not necessary, for they voted out saloons, and the county is now as dry as a powder horn. At the same time they do not want to destroy the vast distilling properties in the state that pay nearly a million dollars in taxes, for if they do, they well know that other property, already heavily taxed, will have to take up that burden in addition to what they now carry, and that without accomplishing anything for real temperance.

With a state treasury already over two million dollars in debt, the taxpayers do not fancy adding another million on account of statewide prohibition, for they know they will have the whole thing to pay in the end, while the office seekers who are riding the prohibition issue can take it easy. The bankrupt neighboring states of West Virginia and Tennessee, each with a debt of twelve million dollars and statewide prohibition, are warning danger signals to thoughtful people.

JAMES P. EDWARDS ANNOUNCES FOR LIEUTENANT GOVERNOR.

Louisville, Ky., June 25, 1915.—(Special Correspondence.)—Hon. James P. Edwards, of Jefferson County, one of the most prominent lawyers in the state, has announced his candidacy for the Democratic nomination for Lieutenant Governor. His platform is, briefly, better schools, improved public highways, economy in state affairs, abolition of unnecessary expensive offices, revision of tax laws so as to relieve overtaxed properties and taxation of such property as now avoids taxation, favors the present County Unit Law for regulation of the liquor traffic as passed by the legislature in compliance with the Democratic platform of 1911, which is the fundamental law of the party, and opposes State-wide prohibition as unnecessary as a temperance measure, a menace to the overburdened taxpayers, and contrary to both the National and State platforms of the party.

Mr. Edwards was a candidate for Lieutenant Governor in 1911, and was defeated by Mr. Edward J. McDermott, the present Lieutenant Governor, now a candidate for Governor, by a plurality of 1,562 votes in the State, though Mr. Edwards carried Jefferson County over Mr. McDermott by over 5,000.

Judge Edwards is a giant physically, being several inches over six feet tall, is a forceful public speaker, a man always with the courage of his convictions, and loyal to his sense of duty in both private and public life.

McCHESNEY IN THE MOUNTAINS.

Middlesboro, Ky., June 26, 1915.—(Special Correspondence.)—H. V. McChesney, statewide prohibition candidate for the Democratic nomination for Governor, has been speaking in the mountain counties this week.

At Middlesboro there were present forty white men, ten ladies, and three negroes. At London, Williamsburg and Corbin, Republicans and Democrats in about equal numbers, and a few ladies, heard him attentively. Republicans generally, who are taking any interest in state politics, think well of Mr. McChesney as a Democratic candidate.

Comfort In Poverty

A VISITING nurse found this old lady dying of tuberculosis in extremely poor surroundings. There was no one to care for her except her old crippled husband, and there was not sufficient money to provide good food or clean clothing, nor did he know how to make his wife comfortable. Charitable people were interested in the case, so that fresh bedding and food were provided. Frequent visits from the nurse have helped in making this old consumptive woman as comfortable as possible in her last days. Without the care of the nurse she might have been a nuisance to her neighbors.

Labor Leader is Among Testifiers

Charles Pettz Tells How Tanlac Brought Him Ready Relief

Louisville, Ky., July 1, 1915.—Here is what Charles Pettz, prominent labor leader, of 101 West Market street, this city, has to say about Tanlac, the premier preparation, and the benefits he derived from the use of the medicine.

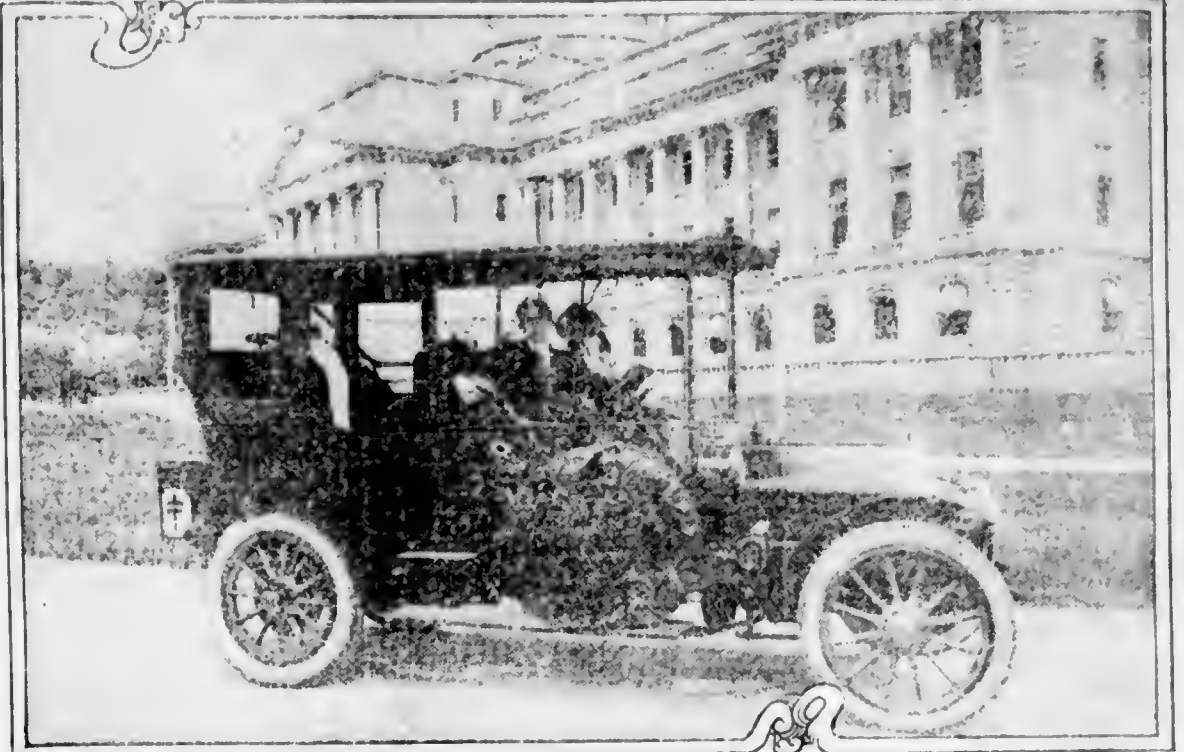

"I have been in a half-sick condition for months. I was all run-down, nervous, and had no appetite. My stomach was out of order and my digestion was bad. I often had headaches and was depressed in spirits.

"I find that Tanlac just exactly suits my case. After using the medicine about a week or ten days, my appetite and digestion are much better. I now sleep better and feel stronger in every way.

Tanlac, the premier preparation, that proved such a boon to Mr. Pettz and hundreds of others in Louisville and Kentucky, is now being taken with the most beneficial results by many of our citizens right here in Louisville. It is an excellent spring tonic, blood purifier and tissue builder.

Tanlac can be obtained in Barbourville at the Herndon Drug Company's Drug store adv.

READY FOR THE ROAD

THE Kentucky Tuberculosis Commission has equipped an automobile with an entire outfit for producing moving pictures. It has regarding tuberculosis supplemented by stereophones and accompanied by a lecturer, were used last summer to reach over 21,000 people in nine different counties. Most of the demonstrations were given in the open air, best for country churches and schools, and in every case the teachers and physicians of the county have cooperated heartily in taking this message of good health to every people as possible. The record made was 750 in one evening at a tiny village several miles from the railroad.

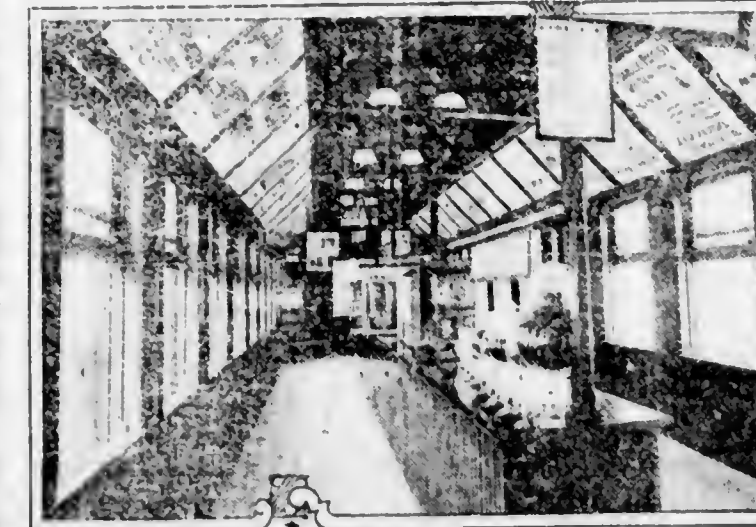

This equipment will be used again during the coming summer.

EXTERIOR OF THE HEALTH EXHIBIT CAR

THIS shows a whole school with a number of adult persons who have just viewed the health exhibit set out over the railroads of the state by the Kentucky Tuberculosis Commission. These exhibits show the simple ways all the feverish laymen needs to know about how to cure a consumption, how to be cured of the disease and how this great plague may be driven out of the state.

Exhibit Car of the Kentucky Tuberculosis Commission

THE Tuberculosis Commission equipped a railroad coach with an exhibit regarding tuberculosis and how to prevent the spread of the disease and has sent it to many points in the state. By means of pictures, descriptions, toy houses and electric devices the whole story of the cause, cure and prevention of consumption is told in graphic form for the passerby. Visiting Nurse Saves Her Eyesight

THIS woman with an infected eye was found by a nurse representing the state tuberculosis commission. The nurse secured for her proper medical treatment and showed the woman how to care for herself. Her eyesight was saved. If she had not been found by the nurse she would have delayed visiting the physician till her case had been hopeless.

Seattle, Wash. - Miss May Stehle in charge of the cloakroom at the hotel here, is untippable. If she would take tips, she could make \$2,500 a year in addition to her salary. "Put," she says, "I would lose my self-respect." The hotel management could, if it desired, fire Miss Stehle, and save her salary, and, to boot, sell the cloak room "privilege" for \$150 a month.

Insuring a Family

There is no more certain way of insuring a family than by insuring the life of the father. When the father is insured, the family is insured. The father is the mainstay of the family. When he is gone, the family is left in a state of confusion and distress. The father's life is the family's life. The father's health is the family's health. The father's happiness is the family's happiness. The father's life is the family's life. The father's health is the family's health. The father's happiness is the family's happiness.

This Porch Costs \$18

Two chests against the side of the house and two long posts support this simple, open air sleeping porch. It has a canvas top, and can be raised or lowered as desired. Inside there is sufficient room for a bed and chair. The window is cut down to the floor and made into a door. This is a good, cheap sleeping porch for a consumptive. Healthy people can make themselves healthier by open air sleeping. Try it.

Loss of Water With Age.

The slow but sure loss of water with age has been noted in the tissues of rats and other animals. There is more water in the bodies of young animals than in adults, and the quantity of nitrogen and phosphorus they contain also diminishes with age.

Dynamite.

Dynamite, inestimably more powerful than gunpowder, is formed by soaking a solid absorbent substance with nitroglycerin. The best absorbent material is found at Hanover, Germany, and is known as "Kieselguhr." When dried it is a white powder and is said to safely retain more than three times its own weight of nitroglycerin.

HORSE LOSES TAIL BUT GETS NEW ONE

BOD IS PROUD OF HIS FALSE ORNAMENT.

Buckled on So Cleverly That Nobody Could Tell and Other Stories Are Envious.

Baltimore, Md.—Back to the tale of a tailless horse! Also to that of a kindhearted woman, who, possessing a generous mixture of humanity and originality, has supplied the beast that which he lacked. But between hangs the tale.

Bod is the name of the tailless horse. That doesn't mean that he is baldheaded, for he isn't. Bod is a kindhearted, friendly, and originality, has supplied the beast that which he lacked. But between hangs the tale.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. To the Voters of Knox County:

I am a candidate for the Republican nomination for Clerk of the Knox Circuit Court. I am now and have always been a Republican. I have always been found at my post as an official. I have never missed a day when Court was in session. My opponent, when he was Sheriff was seldom on duty, leaving the work of carrying on the Court and summoning jurors to the jail or on one's pot. I have made you a record at my own expense in typewriting which anyone can read and understand. You don't have to employ a lawyer to read it to you.

I am better qualified now, and will make you a better officer in the future than in the past. I am a poor man as will be shown by the records and my opponent is a very wealthy man, he is a dealer in live stock, a coal operator, his farm is being split wide open by the railroad running from Barbourville to Manchester, and I am told a station will be made on his farm which will make him still wealthier as there will most sure spring up a good sized town at that place and he will be selling town lots at an enormous price. He would not attend to this office if he had it, he would always be found at some other job.

It has always been a custom in this County to give a Clerk a second term; his brother was elected to a second term. My opponent has just gone out of one of the best offices in the gift of the people, that of Sheriff. You have voted for him as many times as you have voted for me. Will you give me the same just consideration in this that you have heretofore given the other Clerk. I want to serve you one more term. I am a clerk with the feet and legs, not in the head or heart, he is a strong man physically, and can do other work. I ask your support and if elected, your interest will be taken care of in the best way possible.

Thanking you for past favor and trusting for your support in the Primary to be held August 1, 1915, I am,

Your obedient servant,

W. H. McDONALD.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

CORRESPONDENCE

Artemus

Yes, Our Angora is Missing.

We must apologize to the Advocate's many readers for the ineligence of our fellow correspondents would have it possess. Not being blessed with silvery spoons protruding from our mouths in our younger days, it behooved us to begin laboring early in life to appease our appetites and to so array ourselves that the criticism of the multitudes might not be upon us, we were unable to enjoy, or to take advantage of the educational benefits that our dear brother scribe insist that he has enjoyed in fact, he frankly admits he has. We cannot lay claim to the versatility, nor to the elegant command of English that our good friend, the Warren scribe can; simply because we haven't got it. Residence in Artemus, where the serenity of our thoughts is constantly interrupted by shrill whistles and where the populace yell and shout, is not conducive to grammatical accuracy. Now, perhaps, if we lived in the beautiful little town of Warren where the breezes waft gently from the hills, where the stars shine unutterably bright, where the silvery moon casts its rays so softly and where sylvan giants would bow majestically to us, as they do to the Warren scribe, in the town whose very name ripples delightfully over the tongue at every pronunciation where there is absolutely nothing that would mar aesthetic thoughts; and then, perhaps, if we had been given the sublime privilege of gleaning knowledge under the tutelage of renowned professors, like our good friend, whom we envy and at whose feet we would like to sit and listen to the wisdom rippling gently over his tongue like brooklet in spring.

Then, ah! possibly then, dear reader, we would be grammatically perfect and our good friend, the Warren scribe, would not have to invoke the displeasure of the Great Webster, so long in his celestial home. However, in that event, we opine that if we began a scurrilous on the lack of education of an inferior, we, having superior wisdom, gained only at renowned Universities and not at the University of Hard knocks, we would not be guilty of faulty syntax, as we would continue in the plural as we began; or else, we would first submit our effusion to a ten year old school kid for censoring before inflicting them on an intelligent public.

Manager Helton and his husky Terrors played a double header with Bennettsville Sunday, taking the first game by a score of 15 to 9 and losing the second by a score of 6 to 3. One of the features of the first game was a home run by clever stick work on the part of the Terrors' first baseman, when the bases were full. Another feature of the game was Dunc Lawson's racing around the bags. With a little improvement in his stick work, Lawson is going to make one of the best short stops in these diggings. He is unusually quick and a catcher has to have some wings to catch Lawson when he attempts a steal and the beauty of the game is, he keeps all the opposing team on the qui vive, as they are unable to tell when he will attempt one. Marsee is making good with a vengeance on first and with just a little improvement in his stick-work the Advocate predicts

he is making of another Hal Chase in him, when, doubtless, he will break into faster company.

Charlie Marsee was quite effective pitching the first game but the Bennettsville boys seemed to solve Black's delivery early in the second game and before Manager Helton could change his line up, the dirt had been done. Marsee was put back in the box and he held the Bunglers down without any further scoring.

Fortney, who is Helton's lanky south-paw, played a rattling good game in the field and he swatted the Bennettsville pitcher at random. Manager Helton is very enthusiastic over his team, which is putting up a very high class article of ball, and it is rumored that he contemplates issuing a sweeping challenge to all comers.

Artemus Baseball Club journeyed to Barbourville last Saturday and played the nine of that place a very interesting game, although the Artemus boys lost by a score of 5 to 1, the class of ball they put up would have won the greater majority of their games. The features of the game were the playing of Eb Goodin at first and little Jess Trosper at short, both taking everything that came their way, although many of the plays looked impossible, while Ben Trosper and Clabe Jones led with the stick. Edwards played a wonderful game at short for Barbourville, while Steve Golden pulled off plenty of stuff at first. The game was a high class article and pretrayed truly the class of stuff that both Barbourville and Artemus can put up. Both teams deserve the whole hearted support of the fans in their towns as they are quite good advertisements for the towns.

Manager Helton and his Terrors defeated the Bennettsville Bunglers again to the tune of 9 to 2. The game was well played throughout and contained many interesting features. "Hog-head" Rice pitched the game Bunglers seemed to be unable to solve his perplexing puzzler, a new ball that Rice has invented. Manager Helton says that Rice learned this new ball pounding curves up and down the Cumberland. Another feature of the game that added to the troubles of the Bunglers was Dunc Lawson's clever imitations of Tyrus, the Royston Romper. Manager Helton contributed much to the interest of the game; although the fans were unable to determine from his gyrations around third whether he meant to catch the ball with his hands or his feet.

The game was passed upon by Bill Cooke, who is the best umpire that has ever waved decisions on the local diamond. He admits it.

It has been our policy to always to boost instead of knock and we dislike very much to see a bunch that we have always tried to boast, knocking. Our advice, if they will consider receiving it from those who have lined a little longer and have been up against the real obstacles of life, is to sell their flimsy little hammers and buy a horn. Nothing is gained by knocking and a boost of so little is a big help. Artemus is a rattling good town, and can be improved upon greatly if we will all get together.

We overheard quite a number of inquiries recently for copies of the Advocate. It is our purpose to record the happenings in our village while they are news and those who desire to keep posted on the news of our village had better subscribe to the Advocate. For less than two cents per copy, you can secure the weekly history of Knox County as it happens. We will endeavor to make our Artemus copy at least readable.

Bolling S. Newsom, of Raleigh N. C., who has been spending several weeks in Oklahoma, arrived Monday morning for a visit with his uncle, Mr. W. B. Starke,

Brother Carmack and his team suffered defeat Wednesday at the hands of the strong Barbourville team. They were accompanied to Barbourville by a loyal bunch of rooters. From all reports, it was a snappy game and one which the fans enjoyed from start to finish.

When caught with the goods, we presume that a frank admission of the facts in the case is always best. We certainly must have had a brain storm a few weeks ago, but we must positively disclaim having Orphidian visitors in our boots.

We are glad to note that the Court of Appeals has decided on the bond issue for good roads, upholding the validity of the act. It is to be hoped that before many months the line passing through Artemus will be completed.

Warren

Wednesday of last week the Warren base ball team journeyed to Barbourville with full determinations of wiping them off the map but found a team that were more than a match and after a

terrific nine inning struggle, had to bow down to defeat to McDonald's sluggers, returning to Warren a sadder but wiser team.

This was the second defeat for the Warren team this year and as the score shows, it was a close game, Barbourville winning 3 to 2. Warren scored two runs in the first and Barbourville came back good and strong and evened it up in their half of the same inning and in the fourth by an error and a clean two base hit scored the another run which proved to be the winning one for after the fourth the hits were few and far between. Jim Dixon pitched a fine game for Warren and McDonald's pitching for Barbourville was a sight to behold.

Barbourville will play a return game at Warren pretty soon and when we do, it will be a different story.
